

FISHING PETITION

We here at **Passport America** are very involved with camping and travel related people. **Passport America** has found a need for the right to fish without a license in any of the 50 states for senior citizens 62 years of age and above. We have found that a lot of people who love to fish choose not to fish because of the hassle and expense of licensing. We respectfully request the support of **The United States Senators and State Representatives**. We would like to keep this bill as simple and as clear as possible.

The Petition:

In the United States of America all senior citizens 62 years of age and above are allowed to fish in any of the 50 states without a license. (This does not give them the right to break any regulations or laws set forth by any state with regards to fishing and/or fish.)

☐ Check here if you would like those with disabilities to be included in the bill.

☐ Check here if you would be willing to pay for a national fishing license.

Comments: _____

If you would like to support this bill and would like to help us get it passed please sign this document. You do not have to be 62 years of age to sign this petition; you only need to be a registered voter in your state. If you would like for us to forward this petition to your local Senator or State Representative please fill out the entire form and return to Passport America. Please feel free to copy this form in its entirety and give it to everyone that you know to sign and return to us or your local Senators and State Representatives.

Please print legibly in dark ink.
